“Roll” Over Your 401K?

During your working years, it’s not uncommon for your career to take many twists and turns. Americans, on average, have worked 12 different jobs by the time they turn 52 years old. If you’re leaving a job where you’ve built a 401(k), it may be a good idea to transfer those funds to an IRA to avoid taxes or other penalties.

We offer many options at Telcoe.

Youth Month-April

April is right around the corner, which means it's almost time to celebrate National Credit Union Youth Month and National Financial Literacy Month. While credit unions take financial education seriously all year long, April provides us with even more opportunities to work with our members and community partners to promote financial wellness.

Learning this good financial habit at a young age will set them up on the path of successful financial well-being. **Telcoe has the tools to help fulfill these dreams.**
